COMMENTS FROM THE TOWN MANAGER'S OFFICE

The winter parking regulations are now in effect. The ordinance states that there shall be no overnight parking on any street or other town ways from November 1 to April 1. The law is one that has been adopted by many towns to make plowing and snow removal a little easier. Co-operation of the people in town and guests of people in town is needed. Snow plowing and snow removal are very expensive items and parked cars on the highway at night increase the costs to the town. Most people have done their best in the past and I hope they will continue.

Most of the users on the West Bethel Water System have noticed a decrease in the water pressure. The ground water level has dropped about five feet and the pump cannot lift the water the extra distance and maintain normal pressure. Most of the people on the system were requested to use as little water as possible and the decreased use helped enough so that the pump got the storage tank full and the pressure up to normal. The people on the West Bethel Water System will have to continue their restricted use or the water level will drop to a level below which the pump can not lift it. The response was very good after the first request and I am sure that it will continue.

Tax payments have continued very good for another week. The tax bills went out very late this year but it might surprise a lot of people that the town borrowed \$15,000.00 less in tax anticipation loans and the balance in the town checking account is a lot larger than it was at this time last year.

The awarding of the Medal was a complete surprise to Major Lord. His wife and children were present at the eventful occasion.

SKI MAINE ASSOCIATION TO MEET IN BETHEL

ON DECEMBER 2

The first annual meeting of the Ski Maine Association will be held Wednesday, Dec. 2, at Sudbury Inn, Bethel, at 8:00 p. m., according to Murray W. Thurston, president. The meeting will be held in conjunction with the Maine Ski Council.

The short Ski Maine agenda will follow a 6:00 p. m. social hour and a 7:00 p. m. buffet. As the facilities at Sudbury Inn are limited, Thurston suggests that all who plan to attend notify host Norman Greig.

Chief topics of discussion will be the election of officers, in-state plans for the Department of Economic Development's "Sitzmark" program and a report of Ski Fair participation.

Thurston reports the Ski Maine Association well on its way to fulfilling its main objective: to promote the welfare and operation of all phases of the ski industry in Maine, with some 50 dues-paying members now on the books. He also points out that membership is open to any person or corporation who operates (1) a ski area; (2) a ski shop; (3) a ski school; (4) lodgings; (5) manufacturers or distributors of ski equipment; or any others approved by the board of directors. Annual membership dues are: \$30 for major cable lift areas; \$15 for medium cable lift areas and \$5.00 for all other categories. He urges all who haven't done so to send their check to treasurer John Christie Kingfield.

MANSON PROMOTED AT OXFORD PAPER CO.

Three promotions in Oxford Paper Company's Research Department have been announced by E. V. Ahern, Manager of Planning and Research. Dr. Dan W. Manson of Bethel has been appointed Assistant Director of Research of Papermaking and Systems, Richard J. Quint has been promoted to Assistant Director of Research Paper Products and William H. McHaffey has been appointed Group Leader of the Papermaking and Systems Group.

Rev. Robert W. Jackson has been appointed District Visitation Director for the Maine District Church of the Nazarene. He will be responsible for coordinating the visitation programs of the churches within the state.

DIABETES DETECTION PROGRAM

HALF COMPLETED

With the Diabetes Detection Week testing nearly half done, Mrs. Dexter M. Stowell and Mrs. Samuel H. Timberlake, co-chairmen for the organization of the program in co-operation of school physician, Dr. John Young, report nearly 100 per cent response by students. The co-operation of students, parents, and school personnel has been very gratifying in the light of the time-consuming detail concerned, in addition to the actual testing process.

With continued response, the entire school system should have had the opportunity to participate before the week is ended.

The program is also going on in Locke Mills and Newry with leadership from Mrs. Lester Bickford and Mrs. John Wight, respectively.

The list of women who have helped directly on the program is expected to grow but, to date, includes, Mrs. Clifford Hillier, Mrs. Clayton Crockett, Mrs. Lawrence Bailey, Mrs. Donald Stecher, Mrs. John Frankiewicz, Mrs. Colwyn Haskell, Mrs. James Browne, Mrs. Julian Thompson, Mrs. Ronald Stevens, and Mrs. Ted Chadbourne.

LIVING NATIVITY SCENE TO BE SHOWN ON COMMON

Bethel is going to have a living Nativity scene on the Common this year! The courage to put wishing into action has come from Sue Farrar. Mrs. Farrar has written to local clergymen inviting the churches to participate in the presentation of four performances during the early evening of the Sunday preceding Christmas.

At her first committee meeting Monday night, she was able to announce the following responsibilities taken care of: Bruce Bailey, animals; Mrs. Ronald Glines and Mrs. Richard Littlefield, costumes; Mrs. Donald Brown, properties. Others present were Mrs. Robert Keniston, Mrs. John Frankiewicz and Mrs. James Fiske. Also appointed by their churches are Mrs. Dexter M. Stowell, Mrs. Linda Fiske and Mrs. Norman Duck.

As a result of the first meeting Mrs. Glines is making a request for materials people may be able to donate permanently for costumes. Needed are brocades, tapestry materials, braids.

Hole Appears in Window of Local A. & P. Store — Lawrence "Larry" Davis, manager of Bethel's A. & P. store, points at the bullet hole which was made in one of the large show windows reportedly between closing time last Saturday and Sunday morning. The incident is under investigation by the Sheriff's Department. It is reported that the shot was from a 22 caliber weapon. Pictured with Mr. Davis is Alfred Chawdron, reportedly between closing time last Saturday and Sunday morning.

HOLIDAY OPEN HOUSE ATTRACTS MANY

Over 300 people attended the Holiday Open House held at Norway last Thursday. Exhibits of Holiday gifts and decorations attracted the attention of people as they came into the hall. The blue ribbon display was that of the Bryant Pond Extension Group on Center pieces. The Roxbury group was selected as a red ribbon winner with their display of Christmas Carols All Over the House. South Paris Evening group with their display of Doorways won 3rd prize.

During the afternoon a demonstration of gift wrapping by Mrs. Kara Masterman of Dixfield was enjoyed by her audience.

Straw, silk, and sheeting. These may be taken to her or left at the community room.

Work started this week on a new building by Callahan Bros. of Mechanic Falls. The wood structure will be situated beside Buckey's Chevron Station, Railroad Street (center of photo), on land of the Rumford Oil Co. The 26x10 foot building will be equipped as a coin-operated laundry and dry cleaning establishment.

Week end guests at the home of Mr. and Mrs. Alton Luxton, were Mr. and Mrs. George P. Stowell, 3rd, and daughters, Rachel and Sandra, of Portland.

Dear Friends,
We find that many people are not aware of the death benefits provided by Social Security. If the deceased is covered by Social Security, regardless of age, a lump sum death benefit is paid equal to three times the amount of the primary monthly benefit.

Under the revised law, this death benefit is not to exceed \$255, nor be less than \$120.

Respectfully,
S. Clinton Tandy

THANKSGIVING OUR AMERICAN HERITAGE

FESTIVE FOODS
FOR YOUR
TABLE

IGA

Thanksgiving is a happy time when families gather to relax and enjoy festive meals. But more important than this it is a time when we should "give thanks." Thanks for the freedom that we enjoy every day of our lives. Freedom founded by the Pilgrims and preserved by the courageous dedication of our forefathers. It is this freedom which has brought our nation strength and offers to all of those who strive for it, the good things of life in overwhelming abundance. Yes ... let us take time to "give thanks" on this Thanksgiving Day.

LETTER TO THE EDITOR

Nov. 15, 1964

To the Editor:
To the people of Newry, Sunday have said town that part of the school here in Newry. Frankly I believe it's disgusting to see a school with a flag pole and on flag flying from it. They don't even take a step to put on the pole I saw the teacher here one. Mrs. Bennett, so I could be a model of I was in Rome or America. Who is running the town? Who is paying the back to see one like this?

There's a something wrong when children at the age of 12 and 14 don't know how many stars are on the U. S. flag. What's wrong here?

Well folks I could tell you if the owner of this paper would print it. But you people ever wonder why Red China and Russia is making so much headway in this country. It's easy. Take time and just look around. I have never seen such a lack of respect for an American flag till I hit the town of Newry.

Look at the one at the Newry Post Office, torn, dirty, worn out, at half mast, is this what I fought for and millions of others?

I'm not talking about my trouble but of the future the town of Newry will have if they don't wake up.

You want more jobs here, all I have to talk and talk is cheap. It takes money to buy raw. This isn't 1864 it's 1964, so why not get on the ball, get those kids on the right path, get some thing going in your town. There's money to be made here.

Thank you for the paper.

Yours truly, J. J. J.

Editor, The Oxford County Citizen

20 SECONDS WITH THE NAZARENE

Michael Angelo went to Rome to carve statues, and found that all the other artists had taken over all the Carrara marble—all but one crooked and misshapen piece. He sat down before this and studied with infinite patience its very limitations, until he found that by bending the head of a statue here, and lifting its arm there, he could create a masterpiece: thus the BOY DAVID was produced.

Let us sit down in front of our very limitations, and with the aid of patience dare to produce, with God's help, a masterpiece!

"Let patience have her perfect work, that ye may be perfect and entire, wanting nothing." (James 1:4)

METHODIST VISITATION SUCCESS

Following a luncheon and dedication service, visitors were commissioned to visit all homes in the Methodist parish Sunday afternoon.

Richard Blake, Jr., the Visitation Chairman, reports that the effect of the visitation has been an outstanding success. While some of the visitors were unable to contact all of those on their lists, the early reports indicate that there will be a considerable improvement over last year with regards to finances and active commitment. Many persons indicated a desire to resume an active role in the church.

Beginning after the holiday season, three specific activities are being planned to make the life of the church more relevant to the lives of its constituents. A Bible study group, an adult course on Methodism, and a membership class for youth are among those activities planned to make the church more understandable.

In the dedication service meditation, Rev. Hess made the

FORESTRY COMM. WARNS OF CHRISTMAS TREE LAW

Maine's forestry commissioner today reminded the public that the cutting of Christmas trees, boughs or tips on the land of another without written permission of the landowner is a violation of the Maine Christmas Tree Law. Commissioner Austin H. Wilkins emphasized that this applies to individual trees being cut for family use as well as to harvesting on a commercial scale.

"There are no unowned trees in Maine," Wilkins said, "and under Maine law, unauthorized cutting of any Christmas trees, boughs or tips is an offense punishable by a fine of from \$25 to \$100."

Another provision of the Christmas tree law stipulates that anyone transporting Christmas trees, tips or boughs on Maine highways for commercial purposes must obtain a Christmas tree certificate of registration or be in violation of the law. Such commercial transporters must also have a bill of sale or other proof of tree ownership, he said.

According to Wilkins, the law is designed to halt the stealing of Christmas trees and greens. Special forestry department patrols and check points will be operating between now and Christmas as a means of enforcing the law, he said.

statement that the Church can no longer be defined as that group of people who accept Jesus Christ as Lord and acknowledge his Divinity. It is rather, a company of people who are searching for a relationship to God and to each other. With this definition it becomes necessary to include all people who are making this search for meaning in their own lives. The Church is also not a group of people who are pure but that of people who are broken and know it. This removes from the Church the false image that it is a saintly organization, free from impurity. With this definition of the Church, visitors were urged to enlist others in the work of the church and in a search in their own lives.
